SOLUTIONS FOR LAW ENFORCEMENT & PUBLIC SAFETY

PROTECTIVE CASES • FACIAL RECOGNITION • AUTOMATED LICENSE PLATE RECOGNITION

TRITECHFORENSICS provides high quality crime scene supplies, latent and fingerprint collection supplies, specimen collection products, and lab equipment to forensics professionals. From the crime scene to the lab, in a hospital, an office, or a prison, we have the forensics products you can depend on.

We have access to over 2000 popular items from Tri-Tech Forensics and are continually stocking new items.

DragonEye Technology, LLC

DragonEye Technology designs and manufactures laser based sensing and imaging products specializing in law enforcement traffic safety systems. DragonEye team members have extensive experience going back to the origins of police LIDAR in the early 1990s. DragonEye systems are designed to be rugged, reliable, affordable and most importantly...accurate. We understand the importance of equipment "up time" and provide the best possible service and support for all of our products. DragonEye Technology manufactures the flagship DragonEye Speed LIDAR provides an unmatched combination of accuracy, rapid acquisition, long range and durability. The DragonEye Compact LIDAR supplies the core functions of our full size model in a compact and very affordable 16 oz. package. The Compact LIDAR utilizes DragonEye's unique vertical grip design with integrated rubber brow pad for rock steady aiming through its unity power Head Up Display.

DOT BAT and Instructor Training available.

DAVTECH is the Canadian distributor and authorized service centre for Intoximeters products. Since 1945 Intoximeters has been a leader in the breath alcohol detection field. Early on, law enforcement, probations and correction agencies were the primary customers for this type of equipment. However, as the extent of alcohol abuse in society became more recognized, other markets for breath alcohol testing products developed - most notably in the industrial occupational health sector. Intoximeters manufactures state of the art desktop, transportable, portable and handheld alcohol analyzers.

DAVTECH distributes Innocorp, Ltd. products which aim to revolutionize health, safety and prevention initiatives by empowering customers with innovative tools and campaigns that promote educated decision making through evidence and research based methods. Innocorp, Ltd. provides customers the leverage they need to take positive actions that save lives, prevent injuries, and promote the health and well-being of themselves and others.

Pelican Products, Inc. is the global leader in design and manufacture of both high-performance case solutions and advanced portable lighting systems. Their products are used by professionals and are designed and built to last a lifetime.

NEW!

Now presenting Vigilant Solutions, DAVTECH is the only authorized service centre in Canada. Vigilant Solutions creates highly innovative and essential tools for law enforcement – tools that ultimately save lives. Vigilant Solutions' Automated License Plate Recognition (ALPR / LPR) product is the most comprehensive offering available, with tens of thousands of users around the world. Data is cumbersome; intelligence is actionable. Vigilant Solutions' products are designed to collect, organize and share data to credentialed law enforcement personnel, providing intelligence that is readily accessible and easy to use. This intelligence provides more efficient and effective law enforcement while enhancing officer safety. Vigilant Solutions creates intelligence by merging previously disparate data sets such as fixed and mobile license plate recognition, privately collected LPR data, facial recognition, and more. Vigilant's LEARN Intelligence Network provides an easy to use and intuitive interface to all of this information for unmatched investigative capability.

Davtech Analytical Services (Canada) Inc. is the Canadian Distributor for Decatur Electronics. Decatur is the manufacturer of Genesis in-car and hand held radar. Decatur also offers a complete line of radar display signs and trailers. Davtech employs factory certified technicians who provide calibration and repair on all Decatur products with only genuine certified parts.
